### CALL FOR PAPERS:

Department of Electrical and Electronics Engineering, Shri Shankaracharya Technical Campus and IEEE Student Branch, SSTC, Bhilai, Chhattisgarh, India will be holding a National Level Conference, ELYSIAN'17 on the topic 'Technology for Humanity' from 27<sup>th</sup> October 2017 to 29<sup>th</sup> October 2017 in the college campus. Together with academic or scientific journals, conference will provide an important channel for exchange of information between researchers. National Paper Conference aims to provide a platform to all aspiring minds to present their research in the renowned journals. The expressed focus of this conference is the development of technology for the societal benefits. We intent to bring the opportunity for students to enhance communication, networking and exchange of knowledge. We when thought to plan something for the development of humanity, got an only thought out to be selected as a broad theme for this ELYSIAN, which is 'Technology for Humanity', it believes to create or rather promote new ideas to raise for innovation. We just aim to create a change. The efforts we made till now and what we will make going on will be always to boost the young minds to come out of the box and challenge the existing trends along.

### RULES & PROTOCOLS:

The event is divided into three parts:

- Full paper with abstract submission
- Selection and review process.
- Presentation.
- Interested participants will have to register online at [www.ieeesstc.org/Elysiان-17](http://www.ieeesstc.org/Elysiان-17).
